

## EuroSDR/AGILE 2024 Workshop | Current trends of Volunteered Geographic Information in National Mapping and Cadastral Agencies

14:00 - 14:10	<b>Welcome and Introduction</b>		Juha Oksanen and Frédéric Cantat
14:10 - 14:25	<b>Presentation of EuroSDR Volunteered Geographic Information (VGI) survey's results</b>		Frédéric Cantat, EuroSDR & IGN France
14:25 - 16:00	<b>Presentations of insightful initiatives/projects and good practice examples of using VGI in NMCAs</b>	14:25-14:50 Panoramax the free-alternative to photo-mapping territories	Amélie Crépin, IGN France
		14:50-15:15 Projects and initiatives from Great-Britain	Jeremy Morley, Ordnance Survey
		15:15-15:35 Projects and initiatives from Finland	Juha Oksanen, Finnish Geospatial Research Institute and National Land Survey
		15:35-16:00 GeoFA and other Danish VGI cases	Katarina Ritz, SDFI, Denmark
<b>16:00 - 16:15</b>	<b>Coffee break and networking</b>		
16:15 - 17:00	<b>Panel session: Emerging trends and lessons learned in the use of VGI by NMCAs from 2013 to 2024</b>	Dr Peter Mooney	Maynooth University
		Dr Ana-Maria Raimond	Gustave Eiffel University and IGN/ENSG
		Dr Juha Oksanen	FGRI and NLS
		Jeremy Morley	Ordnance Survey
17:00 - 17:40	<b>Break out session</b>	which research fields/problems need to be explored in order to better promote and understand the use of VGI in NMCAs?	N groups - N facilitators
17:40 - 17:50	<b>Feed-back from Break out session</b>		facilitators
17:50 - 18:00	<b>Wrap up and next steps</b>		Workshop conveners

# EuroSDR in a nutshell

AGILE 2024 Workshop, June 4<sup>th</sup> 2024, Glasgow (Scotland)

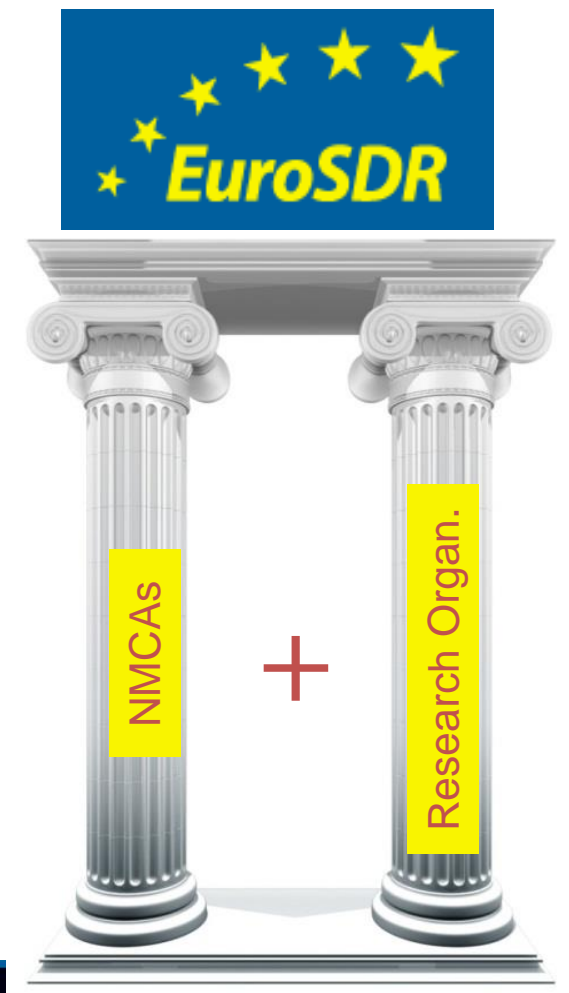

*European Spatial Data Research*

# EuroSDR – European Spatial Data Research

A network organisation linking national mapping and cadastral agencies (NMCAAs) with research institutes/universities/companies across Europe for the purpose of applied research in spatial data provision, management and delivery.

# EuroSDR – European Spatial Data Research

- Non-profit organization since **1953** (OEEPE)
- Provides a pan-European network
- Brings together **NMCAs, academia, Companies**
- Purposes
  - jointly perform applied research
  - secure timely, research-based knowledge
  - provide educational activities ensuring the dissemination of the research-based knowledge gained
- Keep NMCAs **updated** on technology developments
- 20 member countries
- Members are NMCAs & Research / Academic institutes + Companies as associates

# Operations and activities

- Technical Commissions
- Board of Delegates meetings
- Workshops
- Research projects
- Publications and info dissemination
- Educational activities

# Five technical commissions

- **Data Acquisition** – Eija Honkavaara (FI)
- **Data Processing, Modelling & Integration** – Ivar Oveland (N)
- **Information Usage and Visualisation** – Martijn Rijdsdijk (NL)  
/ Bénédicte Bucher (FR)
- **Business Models and Operations** – Frédéric Cantat (FR)
- **Knowledge Transfer** – Anka Lisec (SI)

# EuroSDR network

# EuroSDR associate members

...and more to come...
