

EuroSDR International Workshop on Exploring the new frontiers of Volunteered Geographical Information (VGI)

Venue: IGN - [Géoroom](https://www.ign.fr/en/le-georoom) - 8 avenue Pasteur - 94160 Saint-Mandé, France

Monday 31 August Day 1 12:00 – 18:00 (CET)		
12:00	Registration and Lunch	
13:30	Welcome address	
13:40	Opening address	Peter Mooney , Maynooth University, Ana-Maria Raimond , Gustave Eiffel University and IGN France / Géodata Paris, Juha Oksanen , Finnish Geospatial Research Institute and National Land Survey, Frédéric Cantat , EuroSDR / IGN France
14:00	Presentations session (part 1) <i>Volunteered usability metadata and topographic change modelling</i> <i>Comparing and Improving Volunteered and Authoritative Road Data: Insights from a Systematic Cross-Dataset Analysis</i> <i>Romania's National Geospatial System and VGI</i>	Bénédicte Bucher and Ana-Maria Raimond , Gustave Eiffel University and IGN France / Géodata Paris Knut Jetlund , Norwegian Mapping Authority and Norwegian University of Science and Technology, and Bjørn Arild Godager , Norwegian University of Science and Technology Ileana Spiroiu , National Agency for Cadastre and Land Registration (ANCPI)
15:15	<i>Coffee break</i>	
15:45	Presentations session (part 1) <i>Panoramax, the free alternative to photo-mapping territories</i> <i>IDEAMAPS Data Ecosystem, community-centred validation of urban deprivation models</i>	Amélie Crépin and Christian Quest , IGN France Diego Pajarito Grajales and Vanessa Galeano Duque , Urban Big Data Centre
16:35	Breakout session 1	What approaches can be used to provide data validation and data training benchmarks based on data from crowd / community sourcing and geo-commons?
17:30	Summary of breakout session 1	
17:50	Wrap-up of Day 1	Short summary from day 1 and planning for day 2
18:00	End of Day 1	
20:00	Social dinner	
Tuesday 1 September Day 2 09:00 – 13:00 (CET)		

09:00	Opening of Day 1	
09:05	Keynote – <i>National mapping and cadastral agencies (NMCAs) and geocommons, a way for a sustainable and sovereign future at the European scale?</i>	IGN France
09:45	Interactive session: <i>How to keep OpenStreetMap and other open geospatial data ecosystems sustainable with the rise of AI?</i>	Héctor Ochoa Ortiz , OpenStreetMap Foundation
10:15	<i>Coffee Break</i>	
10:45	Breakout session 2	Exploring the new frontiers of Volunteered Geographical Information (VGI). What does the future of VGI look like? This breakout session will consider ideas around contributing to a position paper on this topic authored by the delegates of the workshop. ,
11:45	Summary of breakout session 1	
12:00	Publication planning and next steps	We plan to organise collaboration on a peer-reviewed journal paper around the topic of new frontiers in Volunteered Geographic Information. Here we will discuss the practical steps of working together on this in the coming months.
12:30	Closing of Day 2 and Lunch	
14:00	End of the Workshop
